Facts about POPINTRO2

always updated

RECEIVE

"It's not true I had nothing on, I had the radio on."

The quite famous words came from Marilyn Monroe's lips in the 50's. Radio was important to people then as it is now.

POPintro2 is an affordable, yet very good radio operated on 100-220v or 4x AA-batteries. It receives dab, dab+ and fm, and there are direct preset buttons on the front.

In today's society it is important to be able to receive information instantly. News and updates, but also life saving information during a situation of emergency. Broadcasted radio is probably the only way to be informed when mobile networks and internet gets hit by the situation.

Have a digital radio and batteries in your household - just in case. Better safe than sorry.

Units per carton	12 pcs
HS code	8527 9200
Country of origin	China
Master weight	6 kg
Master height	33,4 cm
Master depth	27,7 cm
Master width	24,8 cm
Giftbox weight	0,4
Giftbox height	26,5 cm
Giftbox depth	5,5 cm
Giftbox width	10,4 cm
