Facts about
POPADAPTER

be smart

UPGRADE

Rather than throwing away the HiFi system you spent a fortune on, you should simply upgrade to get the digital radio channels.

POPadapter is the easy and smart solution!

Connect it to a line in on your amplifier and power it up. POPadapter searches for all available digital stations, and after a few seconds you can hear them on your beloved sound system. Crystal clear!

POPadapter also got fm and a double alarm clock. You will be reminded of all those important things you need to do. Just programme an alarm!

Remote is convenient. Digital radio multiplies the number of stations many times. The alarm also has sleep-function, so you can fall asleep on the couch knowing that the radio will turn off after you've entered Mr Sandmand-land.

Just do it. Get your POPadapter today!

Units per carton	40 pcs
HS code	8527 9200
Country of origin	China
Master weight	13 kg
Master height	47 cm
Master depth	34 cm
Master width	32 cm
Giftbox weight	0,3
Giftbox height	22,5 cm
